

SURVEY ON SCHOOL HARASSMENT

Introduction

“Hello! My name is Raymond Martin, and I am a designer working on a project aimed at understanding and addressing school harassment among teenagers. This survey aims to gather insights from students aged 15-18 about their experiences with harassment in schools. Your responses will help us identify trends and develop effective strategies for intervention.”

Objective

To understand the prevalence and nature of school harassment among high school students aged 15-18.

Hypotheses

- 1. A significant percentage of students have experienced or witnessed school harassment.*
- 2. Students feel that school authorities do not take adequate action against harassment.*
- 3. There is a correlation between the type of harassment experienced and the demographic factors (age, gender).*

Main Topics.
